

## **The Teen Artist Residency Program at The Ellen Noël Art Museum**

This intensive one-week summer art program is geared to offer a unique art experience in a museum setting working with paper mache artist Manuel Urueta (June 6-10, 2022). This program will provide opportunities for students ages 13-17 to create unique, artist-led work. Selected students will spend the week with Mr. Urueta creating paper mache masks and creatures. Accepted students will work in a fun and interactive environment while exploring new techniques and developing their own artistic creativity.

Applicants will be chosen by the museum education staff, based on completed applications, teacher recommendations and personal interviews, when needed. All program decisions are confidential and final. Applications received after the deadline of May 23 *may* not be considered.
